

ON THE ROAD TO BECOMING
QATAR'S NO.1
IN ROAD SAFETY TRAFFIC MANAGEMENT
&
BUILDING MAINTENANCE

OUR BUSINESS APPROACH

A 360 DEGREES SERVICE OFFERING

SATISFIED CLIENTS

A significant portion of our work is secured through repeat business from clients who recognize our commitment to quality and project delivery

PROCESS-CENTRIC BUSINESS MODEL

We leverage on a process-centric model to deliver a wide variety of projects for satisfied clients.

TIMELY DELIVERY OF PROJECTS

We are committed to deliver quality projects in a timely manner

HEALTH AND SAFETY

We don't compromise when it comes to safety. No boots, No safety caps, No work!

BUDGET-FRIENDLY COSTS

We deliver best-in-class projects within budget and pocket-friendly costs.

Temporary Traffic Management & TMA Rental

Our experienced and knowledgeable Temporary Traffic Management (TTM) team ensures safe and efficient traffic control for your projects. We also provide Truck Mounted Attenuator (TMA) rental services, helping to protect workers and vehicles while maintaining smooth traffic flow on-site.

Road Opening (RO) Permit Services

We specialize in obtaining Ashghal QPRO Road Space Booking and RO Permits for all sectors in Qatar. Our dedicated team ensures a fast, accurate, and hassle-free approval process — saving clients valuable time and effort.

Traffic Diversion Plan (TDP)

We provide Temporary Traffic Management (TTM) drawing and design services in full compliance with Ashghal's Work Zone Traffic Management Guidelines (WZTMG). Our team includes qualified and experienced A-Class designers with strong expertise in both Ashghal and MOI standards, ensuring safe, efficient, and fully approved traffic diversion solutions.

Traffic Signages

Avans supplies and installs both permanent and temporary traffic signs, designed and implemented as per Ashghal standards for clear communication and safety.

Road Marking

We offer high-quality road marking services using Thermoplastic Paint, Two-Component Cold Plastic Paint, Cycle Track Coating, and Road Marking Removal — ensuring durability and visibility.

Interlock and Kerb Stone Works

We provide all types of interlock and kerb stone works using high-quality and long-lasting materials, ensuring durability and a superior finish.

Vehicle Restraint Systems (VRS)

We supply and install various safety barriers, crash cushions, guard rails, fish tails, and terminal systems — ensuring maximum roadside protection.

School Zone Safety Development

We handle complete School Zone safety services—from approvals to on-site implementation—following Ashghal Design Department requirements for schools, nurseries, and colleges across Qatar.

Student Transportation Services

We provide safe and reliable school transportation services for students, including well-maintained school buses and trained bus attendants to ensure student safety, comfort, and timely travel. Our service is committed to maintaining high standards of safety, discipline, and professional transportation management.
